Comfortable Home Rebates Program

FEBRUARY 2023

Hi again Lisa,

The Comfortable Home Rebates Program team is back with February's opportunity for valuable energy and dollar savings.

This month, we recommend taking advantage of PG&E's **free induction lending program** that lets energy savers like you borrow and "test drive" induction cooking in your kitchen for free! This service is popular and kits are limited, so reserve yours today!

Claim free loaner induction cooktop

Did you know?

There are many pros to induction cooking!

- **Great for cooking:** Induction cooktops provide precise temperature control, a wide temperature range, and a fast response time.
- **Great for the environment:** They are more energy efficient compared to gas or electric cooktops.
- **Great for your wallet:** Making the switch can help you lower your electricity or gas bills.

Before you go!

Here are three more tips for saving energy while you cook:

1. Preheat your oven wisely. Unless a recipe calls for preheating, skip this step and put food straight into the oven.
2. Avoid opening the oven or refrigerator door unnecessarily.
3. Keep lids on pots and pans, which helps reduce the amount of energy needed to heat your food.
